## Kentucky's Hope.

(Southern School Journal.)

Not long since the writer of this article was responsible for a brief discussion on the theme, The Progress of a Nation on an Educated Citizenship. To bring the subject more vividly before our minds it was suggested that something be said in regard to our State's part in the progress and safety of the Nation; hence the subject at the head of this article.

Three causes might well be given for past record. Educationally as well as in civic affairs. Idleness, ignorance and intemperance are the potent causes of crime in Kentucky. No less do they retard the progress of our Nation than that of the state or individual. We shall, however, devote our thought to the first two causes. Enough has already been said about our state's illiteracy to awaken righteous indignation in each of her favored sons, and we shall only mention it. Well has "Poor Richard" said, "An idle brain is the devil's workshop." The cure for this is an educated brain that knows what to do with its idle moments. An ignorant person without a trained mind can not use the moments as they swiftly fly. He can not enjoy the rich and heavy-laden moments which give promise of a golden day; for he can not select and read good, helpful literature or turn his mind to cultural subjects. Will power, strengthened by right use of mentality, is the greatest force in forming character, and this we can see is strengthened by education. Consistency is truly a "gem of purest ray serene," and we affirm that consistency is not, neither indeed can it be, an attribute of an ignorant or idle person. Character is a fine quonon of good citizenship, and stability of character is built on a foundation of definite thought. Definite thought requires a trained mind, and a trained mind is assuredly the product of Education. As stated above, the causes of crime are illiteracy, idleness and intemperance. Idleness, therefore, as we have stated, is a product of illiteracy, and we can now trace most all the causes of lack of progress to illiteracy.

Facts are usually dry, and statistics arid; but we wish to give a few facts about our State prisoners. Not one college graduate, or a person with a classical education, is within the dark, dark walls of our State prison; possibly one-half of one per cent. have a High School education, less than one-tenth of one per cent have a technical education. Thus it can be clearly shown for the most part that the illiterates make inmates of our prisons. Is it strange then that crime has been blotting the fair escutcheon of our State when it is a potent fact that she ranks low in scale of literacy when compared with her sister states?

"Work of mind secures repose of heart." For this reason it is urged that the mind be employed and the heart be at peace.

"God, stooping, shows sufficient of His light

For us in the dark to rise. Let us rise." Why do I say the ignorant person transgresses more? Here are my reasons: First, he is ignorant of law in that he does not know when it is violated. Second, he does not appreciate the value of a good name, which the wisest man of earth has said is rather to be chosen than great riches. Being ignorant of the value of a good name, humiliation and disgrace of family do not affect him as it would one of higher culture of mind and heart; and, in the last place, he has less at stake; for, as the old darkey said, "Them that has must lose!" We do not mean by this that a prince or an earl is better than the peasant because of position, but because his education or pride of true worth is greater, or it should be so at least.

"A prince can make a belted Knight, A marquis duke, an' a' that, But the pith o' sense an' prido o' worth

Are higher rank than a' that.

"Then let us pray that come it may (As come it will for a' that,) That sense and worth o'er a' the earth

Shall bear the gree an' a' that."

Since we see the causes of our State's position in the educational world, may we look briefly to that which will remedy it. She is rapidly rising now because many of her citizens have awakened to the dire need of work. Our most active, energetic and capable State Superintendent is trying to centralize forces, and he is accompanying a great work. But he can not revolutionize the Commonwealth by his own efforts. Teachers and friends of education in general must help him, and this they are doing. In "Psychology and Psychic Culture" we read that we are the coins, the metal of our inborn intellectual and moral faculties, and may we exhort every true Kentuckian to so work these mines that the metal of Kentucky's citizenship may justify a

stamp of the very highest value and not be satisfied with the penny stamp.

Let us say here that the most interesting commentary on the general culture of any community is the interest taken in education, and we are not ashamed of Stanford's interest at this time.

Who are to apply this remedy? We may say in the first place, the teachers, for in them must the foresight of Daniel be realized, "They that be teachers shall shine as the firmament." Industry, not only on the part of the teacher, but on the part of all good citizens, is necessary to the accomplishment of the purpose to raise our standard; for, as one has said, "In this lightning-footed twentieth century things no longer come to those who wait, but to him who hustles while he waits." Idleness and ignorance from choice are both destructive and disgraceful, and it is the business of every loyal son of the Blue Grass State to see that neither exists in our borders. Idleness and ignorance are sapping the life blood of many of our districts, and this can be remedied by looking up, lifting up, and lending a hand.

Standing still is dangerous ever.

Toi is meant for citizens now;

Let there be, when evening cometh,

Honest sweat upon the brow;

And the Master shall come smiling.

At the setting of the sun,

Saying, as he pays the wages,

"Good and faithful ones, well done."

J. W. IRELAND, Stanford, Ky.

## MIDDLEBURG.

Several of our young people went to the railroad Sunday to see the wreck.

Several flocks of wild geese have passed over lately, headed for a climate more congenial to their nature. Their honk, honk, is quite attractive to one not accustomed to them.

Apples are 50c per bushel in this market. Most of them are furnished us by the Rich Hill people and are of the finest quality. Those people all have fine orchards and and rarely have a fruit failure.

The affects of election whisky was plainly visible in the town of Yosemite Saturday. Young men of very youthful appearance showed signs of having imbibed and the sight was quite an ugly one.

A good rain fell here last night and wheat sowing, which had been stopped on account of the dry weather can be resumed. Much of that already sown has perished and the prospect is altogether puny.

The boys celebrated halloween by doing many things more foolish than wise, but boys have always been boys, are boys yet, and will be boys, as long as there are boys, and I presume there will be boys until the millennium comes.

A Republican campaign letter from Louisville fell into the hands of a couple of Democrats hereabout and caused them to vote the Democratic ticket straight, which they were not inclined not to do. Matters might have been different had they written other Democrats by mistake.

This section was well represented at the Powers' reception at Liberty Monday. Men, women and children went down in wagons, in buggies, horseback and some on "Shank's mare." It is thought that there were more people in Liberty than was ever known in the history of the town.

M. G. Murphy stopped over with the writer Saturday night, en route to Liberty to attend the Sunday school union. Mrs. Jas. Godby visited her sister, Mrs. V. T. Wilson. Miss Etta Watkins has charge of the telephone exchange and is quite an obliging "hello girl." Misses Bessie Lee and Esther Murphy attended the Sunday school union at Liberty Sunday.

Before this is put in print the result of the election will be known. In this county it looks dark for the Democratic ticket, but no living man can tell what the voters are going to do. We are hoping for the best and working with a might to that end. Every conceivable means is being used for our defeat, but we are not discouraged and will fight it out till 4 o'clock this, Tuesday, afternoon. Then, if defeated, we will throw up the sponge, but never before.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Sloop created it from pure parabolized grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. Penny's Drug Store.

The closing session of the Lakes-to-the-Gulf Deep Waterway convention at New Orleans was marked by enthusiastic expressions of faith in an attainment of "14 feet through the valley," further pledges of support of the movement and additional estimates of benefit to result from the movement's realization.

Mi-o-na is the best prescription for indigestion or stomach misery over written. Kelleves distress in 5 minutes; cures in a few weeks. Guaranteed by Penny. Large box, 50c.

## NEWS NOTES.

Two barns containing large quantities of tobacco, just at the edge of Richmond, were destroyed by fire of unknown origin.

The Court of Appeals overruled Judge Parker's decision enjoining the Lexington City Council from making a contract with the Lexington Water Company.

Mrs. William Martow and four children were burned to death at Pittsburg when fire, caused by the upsetting of an oil lamp by one of the children burned their home.

Acting Gov. Cox pardoned former State Treasurer W. R. Day, under indictment in Perry and Breathitt counties under the charge of obtaining money under false pretenses.

With President Taft, the State fair and a big circus as attractions, 30,000 excursionists were drawn to Jackson, Miss., Monday. The President, in his speech, paid a tribute to the farmers. As a result of a suicide epidemic in the Shelby County Tenn., Insane Asylum, one patient is dead, another is seriously injured and a third was saved by valiant efforts on the part of the asylum authorities.

It is stated on good authority that the congregation of the Third-avenue Baptist church Louisville will issue a call to the Rev. J. M. Roddy, of Harrodsburg, who is one of the best-known Baptist ministers of Kentucky.

R. K. McClure & Co., Frankfort merchants, filed a petition in bankruptcy. Eli H. Brown was named as receiver. The liabilities are estimated at \$120,000. The assets are listed as the same, but will hardly realize this amount.

Percy Johnston, of Lebanon, National Bank Examiner, who has been in the service about three years, was designated a national bank examiner-at-large, "because of the high-class service he has been rendering as an examiner."

Smallpox cases numbering 24,050 in the United States during the fiscal year ending July 1 last were reported by the public health service at Washington. This aggregate for the year is a decrease of 7,600 from the preceding year.

Physicians performed the Caesarian operation on Mrs. May Schneider after she had committed suicide in Philadelphia. The child would have been born in a few days and the operation was a success. If the little one continues to thrive it will be one of the rarest cases on record.

Oscar F. Cochran, formerly bookkeeper of the American National Bank, of Indianapolis, and wanted for the alleged embezzlement of funds aggregating \$7,000, was placed under arrest at Fort Slocum, N. Y., where he was serving an enlistment in the infantry branch of the army.

Joseph F. Shipp, Sheriff, of Chattanooga, Tenn., and five of his codefendants in the prosecution by the United States for contempt of the Supreme Court, will be required to appear before the court November 15, to undergo sentence at the hands of the court. Their petition for a rehearing was denied by the court.

The District Court of Appeals at Washington affirmed the decision of the Supreme Court of the District of Columbia which adjudged President Samuel Gompers, Secretary Frank Morrison and Vice President Mitchell, of the American Federation of Labor, guilty of contempt in the Buck range and stove case. Chief Justice Shepherd dissented. President Gompers says that the case will be taken to the United States Court of Appeals and "will be fought to the last ditch and then beyond that."

Breathitt county added to her list of crime. At Spring Fork precinct Tilden Blanton killed Demosthenes Noble after the latter had shot him in the arm. The home of Mrs. Deaton was set on fire in an effort, it is said to destroy the ballots. They were saved by Mrs. Deaton at the risk of her life. The ballots were taken to the home of Berry Turner, where they are now under guard. There was no trouble in Jackson and Crockettville, owing to the presence of soldiers. A masked mob stole a box of ballots intended for the John B. Lewis precinct and threw them into the river.

## The Interior Journal.

E. C. WALTON

THE election of Tuesday is most gratifying to the democrats and they have much to be thankful for. New York elected Judge William J. Gaynor, democrat, to the office of Mayor. Louisville elected an entire democratic city ticket, headed by W. O. Head for Mayor, by a handsome majority. Old Virginia, may her sacred soil grow better as the days go by, elected a democratic governor by the usual majority. Democrats won county offices in many republican strongholds and the Senate and House are both largely democratic. Lincoln county did herself proud by giving democratic majorities, ranging from 350 to 600 and electing every county officer save two magistrates. It was a good day's work and shows what democracy can do when democrats are in fighting trim.

THE worst news of the election comes from Fayette county, which went republican, electing that chief of turncoats, Judge Watts Parker, circuit judge. He had filled the office for some 20 years by the grace of democrats and some months ago, when confronted with the fact that he could not again get the nomination, he "flew the coop" and landed under the log cabin. Judge Frank Bullock, who has made a most excellent county judge for the past 12 years, also went down in defeat. Tom Bradley, for assessor, got in by the skin of his teeth. John R. Allen, Commonwealth's attorney, was endorsed by the republicans and had no opposition.

THE Republicans carried Massachusetts in a State election by the narrowest margin in the history of the Bay State for nearly a quarter of a century. The entire party ticket was re-elected, but Gov. Draper's plurality of 60,000 last year was cut to 8,000, while that of Lieut. Gov. Louis A. Frothingham, which was 96,000 in 1908, was reduced to 7,000 votes.

THE poor showing made Tuesday by the Lincoln county republicans is proof to us that they are troubled with the pestiferous "hook worm." Some of John D.'s \$1,000,000 should be used in trying to rid them of the troublesome things.

IT is three times and out, Capt. Herndon. You should have realized ere this that the people of the 13th judicial district had rather you would not serve them as circuit judge. Adieu.

JUDGE M. C. SAUFLEY's majority in the district composed of Lincoln, Garrard, Boyle and Mercer is 1,887. Capt. Herndon should move that it be made unanimous.

THE defeat of Tom L. Johnson for mayor of Cleveland was unwelcome news to that gentleman's legion of admirers all over the U. S.

PROSPERITY has arrived, says the Department of Commerce and Labor. We can all set back and enjoy it, that is if we can find it.

SENATOR R. L. HUBBLE's majority over Jason Wesley is between 300 and 400. Not as big as it might be but 'twill suffice.

THERE is one thing certain. There will be no redistricting during the coming session of the Legislature.

### Election Echoes.

K. R. Kelly won the marshalship at Junction City over Jake Clem, present incumbent.

Christian county, heretofore 1,200 republican, elected a democratic county ticket by 400.

Danville went democratic Tuesday for the first time in the town's history. The majority is 75.

The republicans carried Casey, Jason Wesley's majority over Senator Hubble in that county being 497.

Mercer county gave democratic majorities of 450 to 700. Judge Saufley carried the county by 600.

Jessamine county elected a democratic county ticket and gave Mabin for Representative 783 majority.

Judge D. B. Redwine was elected circuit judge over Judge Adams, republican, present incumbent in the Breathitt district.

Garrard county elected a democratic ticket by majorities ranging from 150 to 200. Bully for the gallant democracy of that county.

C. I. Dawson, Independent candidate for County Attorney in Bell county, defeated C. W. Logan, the Republican nominee, by over 2,000.

Francis J. Heney, the reform District Attorney of San Francisco, was defeated. It was Heney who unearthed the Reuf-Smith graft.

I. H. Thurman, for circuit judge and C. S. Hill, for Commonwealth's attorney in the Lebanon district, were re-elected. Both are democrats.

Independent Republican W. T. Davis defeated M. J. Moss, straight republican, by 2,500 for circuit judge of the Bell, Whitley and Harlan district.

In Laurel, James E. Pigg, independent democrat, won the sheriff's race by 227 and Green B. Angell, also an independent democrat, won the jailership by 450.

The democrats carried Wayne county from 240 to 450.

Madison county gave democratic majorities of 350 to 400.

Indianapolis elected Lew Shank, republican, mayor by 1,000.

The Republicans elected the entire ticket in Rockcastle, but by reduced majorities.

Judge Saufley carried Highland by 23 but the rest of the democrats lost it from 20 to 50.

E. Bertram won for State Senator in the Adair and Wayne district, defeating Dr. Nell by 80-odd votes.

The House will stand 76 democrats to 24 republicans and four doubtfuls. The Senate is democratic 26 to 12.

R. G. Montgomery, democrat, was elected county attorney of Adair. Walker Bryant, for county clerk, and T. B. Cravens, for circuit clerk, both democrats, also got in.

The Republicans secured a complete victory in Pennsylvania, electing their State ticket by a large plurality and putting the reform party to rout in Philadelphia by a majority in excess of 45,000.

Boyle county gave Judge M. C. Saufley 462 majority. Senator Hubble got 246; W. F. Pitman, for Representative, defeated S. D. VanPelt 300 and Jailer Fitzgerald was re-elected by a good majority.

Pulaski elected republican county officers with the exception of sheriff. J. M. Roberts, democrat, won. In the town races T. R. Griffin was elected mayor; H. G. Waddle, chief of police; A. L. Keen, police judge; W. B. Morrow, city attorney.

### MATRIMONIAL.

Charles Young, aged 20, and Miss Cora Lay, 17, were made one Nov. 3.

Thomas Mason and Miss Sallie Shanks were married at Rowland Wednesday.

At Parkville Jordan Pendygraft, aged 23, and Miss Fannie Lou Robinson, 15, were made one.

Calvin Martin, aged 21, and Miss Lottie Patterson, 17, were united heart and hand yesterday.

Luther Traynor and Miss Frona Minor, of Junction City, were united in marriage at Danville.

Friday evening at 7 o'clock at the home of Mr. and Mrs. R. C. White in the East End, Miss Nellie Carpenter was married to Mr. Wesley Blankenship, of Preachersville, Rev. Palmer performing the ceremony. The bride is an orphan and was raised by Mrs. N. J. Horton, making her home there until the death of Mrs. Horton. She is a very deserving young woman. The groom is the third son of Mr. and Mrs. Sim Blankenship, of Preachersville, and is a very industrious, sober and honest young man. They will go to housekeeping immediately near Preachersville and their many friends wish for them a union of true bliss.

GIBBS-HOPPER.—At the pretty home of Mr. E. C. Hopper in Hustonville at high noon Monday, his charming daughter, Miss Camille Hopper, was married to Mr. Harry Drake Gibbs, of Pittsburg, Pa., a chemist in the government service at Manila, Philippine Islands. Rev. W. S. Willis, the bride's pastor, performed the ceremony, which was a most beautiful and impressive one. The ring was used. The bride, who is one of the most highly accomplished and universally admired young women in this entire section, was gowned in a handsome creation of white satin and wore a bridal veil. She carried a huge bouquet of bride's roses. She was an exceedingly pretty bride and the gentleman who had won her heart and hand must indeed have felt proud of her. The groom wore the conventional black. After the ceremony was over and the congratulations were through with, an elegant lunch, beautifully served, was partaken of by the 50 close friends and relatives present. This over, Mrs. Gibbs donned a becoming traveling suit and bat and the happy pair were soon off on their long journey to Manila. They will stop at a number of important places en route and it will be more than a month before Mr. and Mrs. Gibbs will occupy their already furnished home in the far-off capital of the Philippines. Just before taking their leave Mrs. Gibbs threw her bridal bouquet to the friends assembled and it was caught by Miss Edna Kiser, of Sailor Park, O. During his brief sojourn in Hustonville, Mr. Gibbs made a most favorable impression and his mother, who accompanied him, was extravagantly admired. Mrs. Gibbs' departure from Hustonville is the subject of much regret. She will be missed in all circles and especially will her absence be felt by the members of the Christian church, in which she was a most earnest worker. Mr. and Mrs. Gibbs were the recipients of a large number of handsome presents, attesting to some extent the high esteem in which they are held.

## Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pang of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can finally cure all curable cases of this heart-rending, much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

THE good women of Stanford are wondering where they will get stove wood, now that the old stand-by, Mr. Dink Farmer, has been elected jailor. The office of stove wood furnisher is vacant. Who will fill it?  
WE are glad to state that Harry Magee was elected police judge of Livingston Tuesday. The town is republican but this popular democrat cleaned up with the rad who opposed him. By the way, Judge J. C. Magee was also elected police judge of Crab Orchard to succeed himself Tuesday. The Magees are in the swim in the way of judgeships. We congratulate both.

IN the election for mayor and councilmen for the city of Stanford, the Citizens' Ticket defeated the Citizens' Reform Ticket by 23. Following are the gentlemen who will have charge of the city affairs after Jan. 1: Mayor, A. B. Florence, present incumbent; councilmen: Messrs. M. D. Elmore, Cicero Reynolds, W. K. Shugars, E. T. WATERMELON.—Mr. John H. Engleman, the boss watermelon raiser, has our thanks for a large one that he left at this office. This clever old democrat never fails to remember his friends and stamp under the rooster.

AN immense crowd attended the burial of Roscoe C. Leach, the splendid young man who was killed in the Q. & C. wreck near McKinney Sunday morning. The funeral took place at the home of his father, Mr. Craig Leach, Tuesday and the remains were interred in the Waters burying ground near Kingsville.

QUITE a number of democrats from this place attended the Farmers' Institute at Kings Mountain Wednesday. An organization was effected by electing Mr. Sam M. Owens president of the Lincoln County Farmers' Institute and Joe B. Williams, secretary. Dr. C. M. Thompson, of Kings Mountain, was chosen delegate to the meeting of the State Board at Frankfort in January or February of next year. Messrs. S. M. Owens and S. T. Harris were elected alternates. Messrs. Wallace W. Walter, of Kings Mountain, and R. H. Bronaugh, of Crab Orchard, were made vice presidents of the Institute and Mr. W. M. Bright, of this place, treasurer. Speeches were made by Hon. Harvey Helm and J. S. Murphy, of this county, and Messrs. Blandford, Blair and Kirk, sent out by the State as instructors.

WE are glad to be able to use the stereotyped expression, "the election passed off quietly," as it certainly did so. Nobody was hurt and there were few if any altercations. A big vote was polled and while the majorities here given are not official they are not very far wrong. The vote will be counted to-day and the official result will appear in our Tuesday's issue: Judge M. C. Saufley's majority is about 575; Senator R. L. Hubble, 360; W. S. Burch, 265; Judge J. P. Bailey, 500; W. L. McCarty, 420; Dink Farmer, 550; Garland Singleton, 325; J. D. Swope, 425; Geo. P. Bright, 400. Messrs. George B. Cooper, for county clerk, J. C. Pepples, for assessor and W. H. Shanks for Representative, had no opposition. In the magisterial races, James McKee had no opposition in the Stanford district and J. K. Helm had things his own way in the West End. In the East End K. D. Noaks, republican, defeated R. H. Bronaugh, democrat, by 45, and in the Waynesburg district J. A. Singleton, republican, won over J. M. Camden, democrat, by six or eight.

TALK with me before buying a typewriter, and see sample at my home. T. A. Brackett, local agent for Standard Typewriter Exchange, New York.

CIRCUIT COURT is moving along slowly but no cases worthy of mention have been disposed of. Court adjourned Monday until Wednesday on account of the election.

AND Dink Farmer is elected jailor at last. Let's see, was it before or after the Civil war that "Uncle Dink" made his first race for that office? Anyhow, everybody is glad that the splendid old democrat won.

F. KRUEGER & SON, the Mt. Vernon merchants whose store was robbed some 10 days ago, have the burglar in jail. They located him at Middlesboro. He is a Negro and gave his name as Charles Sanford.

WE hope the grand jury will use some of its time in ferreting out the sale of whisky here. That body and Chief of Police Carter can work in conjunction and make Macksville dry for a while at least, if they will only use the proper effort.

TO PRINTERS.—This office has for sale a lot of display and body type which has been used very little, a medium sized imposing stone, a lot of cases, and several cone pulleys. Will go cheap if sold at once. INTERIOR JOURNAL office, Stanford, Ky.

HATS off to that gallant old democrat, Mr. James M. Roberts, of Pulaski. He was elected sheriff of that overwhelmingly republican county by a safe majority. His friends here, and they are many, send congratulations to the splendid gentleman on his success.
